REPORT ON HACKATHON-FROM BIT TO BYTE

Event Title: Hackathon- From bit to Byte
Date: September 18, 2024
Location: KCGR&PI Campus
Participants: 12 Teams,
Coordinator: Er Priyanka

Overview

On September 18, 2024, KCGR&PI successfully organized a hackathon aimed at fostering innovation and collaboration among students in the field of web development. The event attracted 12 enthusiastic teams, each comprising talented individuals eager to showcase their skills and creativity.

Event Highlights

- **Participation:** A total of 12 teams, each consisting of 3-5 members, participated in the hackathon. The diverse range of ideas and approaches contributed to a vibrant atmosphere filled with creativity and teamwork.

- **Projects Developed:** The teams worked tirelessly throughout the day to develop innovative web development projects. These projects showcased a variety of applications, from e-commerce platforms to social networking sites, highlighting the participants' technical skills and innovative thinking.

- **Judging Criteria:** Projects were evaluated based on originality, functionality, user experience, and overall impact. A panel of judges, comprising Dr Sikander Hans (Principal KCGR&PI) HOD's of all Dpt. & faculty members, assessed each project rigorously.

Winners

At the end of the event, the judging panel announced the winners:

- **Winning Team:** Bharama Chakaraviyu

    - **Project:** Website showcasing Student overall performance in academics

    - **Reward:** The winning team received a cash prize in recognition of their exceptional work and creativity.

Participant Rewards

All participants were rewarded with e-certificates, acknowledging their efforts and achievements during the hackathon. These certificates serve as a testament to their commitment and skill in web development.

Feedback

Following the event, participants were encouraged to provide feedback. The responses highlighted several key points:

- **Positive Aspects:**
  - Engaging atmosphere that promoted collaboration.
  - Opportunity to apply theoretical knowledge in practical settings.
  - Supportive mentorship from faculty and industry professionals.

- **Suggestions for Improvement:**
  - More time for project development.
  - Additional resources, such as workshops prior to the event.
  - Opportunities for networking with industry representatives.

Conclusion

The KCGR&PI Hackathon was a resounding success, fostering creativity and collaboration among students while providing a platform to showcase their web development skills. The enthusiasm and innovation demonstrated by all participants underscore the importance of such events in the educational landscape. We look forward to hosting more events in the future to continue supporting our students' growth and development.
